# KEEP OUT OF REACH OF CHILDREN WARNING

#### PRECAUTIONARY STATEMENTS

Causes skin and eye irritation. If medical advice is needed, have product container or label at hand. Read label before use. Do not breathe mist, vapors or spray. Do not get in eyes, on skin, or on clothing. Wash protective equipment and work clothes thoroughly after handling. Wear protective gloves. Specific treatment is given in the First Aid section on this label or on the SDS.

### PERSONAL PROTECTIVE EQUIPMENT (PPE)

Applicators or handlers of this product must wear long-sleeved shirt, pants, shoes and socks, chemical-resistant gloves, and protective eyewear. Consult the SDS for further information.

#### **FIRST AID**

If Swallowed: Rinse mouth. Have person sip a glass of water if able

to swallow. Do NOT induce vomiting, unless told to by a poison control center or doctor. Do not give

anything to an unconscious person.

**If In Eyes:** Rinse cautiously with water for several minutes.

Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical

advice or attention.

If On Skin: Wash affected area with plenty of soap and water.

Use tepid water if available. Treat symptomatically. If skin irritation occurs: Get medical advice or attention. Take off contaminated clothing and wash it before

euse.

**If Inhaled:** Move person to fresh air. If person is having

difficulty breathing, give oxygen. If not breathing,

give artificial respiration.

#### **GENERAL INFORMATION**

TRIPLO is a combination of surfactants designed to increase the movement of irrigation and rainwater into and throughout the root zone of natural turf playing surfaces.

TRIPLO IS DESIGNED FOR USE ON GOLF COURSES, ATHLETIC FIELDS AND ORNAMENTAL PLANTS UNDER THE SUPERVISION OF GOLF COURSE SUPERINTENDENTS, SPORTS TURF MANAGERS AND ORNAMENTAL GROWERS.

#### **DIRECTIONS FOR USE**

Always mix and apply TRIPLO in accordance with label instructions. Follow the application and mixing guidelines provided in this label.

#### **APPLICATION TECHNIQUES**

To achieve the best results, apply TRIPLO prior to the onset of conditions that promote localized dry spot or plant stress. When applying TRIPLO with tank mix partners that achieve maximum efficacy by remaining on the leaf blade, irrigation may be delayed as specified on the tank mix partner's label. Apply water after the application to ensure product performance potential and safety.

### **USE RATES**

SPRAY APPLICATION: Apply TRIPLO at the rate of 2.5 - 5 ounces (74 - 148 ml) in a minimum of 1 gallon (3.79 L) of water per 1,000 square feet (92.9 m²) of turfgrass.

Apply TRIPLO at the rate of 110 - 220 ounces (3.25 - 6.5 L) in a minimum of 44 gallons (167 L) of water per acre (0.40 ha) of turfgrass.

INJECTION: Apply 32 ounces (946 ml) in a water volume sufficient to treat one acre (.40 ha). Monitor results to determine levels of water infiltration and plant stress and adjust rate until the desired level of performance is achieved.

DRENCH: Dilute 8 to 16 ounces (237 to 474 ml) in 100 gallons (279 L) of water and apply as a drench application.

#### **MIXING INSTRUCTIONS**

Fill the spray tank with at least 50% of the desired finished carrier volume. When premixing in a mixing vessel or inductor, fill with at least 20% of the desired finished carrier volume. While the carrier is agitating, add TRIPLO and continue the mixing process.

#### STORAGE AND DISPOSAL

Protect product from freezing. If product freezes, warm to room temperature before use. Store in original container only and do not reuse empty container. Rinse container thoroughly, disposing of rinsate and the container in accordance with federal, state and local regulations. Do not store near heat or open flame.

### **CONDITIONS OF SALE**

Note: Read the information contained herein before buying or using this product. If the stated terms are not acceptable, return the product at once, unopened. It is critical that this product be used and mixed only as specified on this label. Neither the manufacturer nor the seller makes any representation or warranty, expressed or implied, with respect to the results from the use of this material. Buyer and user assume all risks of use and/or handling. Precision Laboratories, LLC warrants that this material is reasonably fit for use as specified on this label. No agent or representative is authorized to make any other representations concerning this material. Unforeseen factors beyond Precision's control prevent elimination of risks in connection with the use of its chemicals. Such risks include, but are not limited to, damage to plants and/or crops to which the material is applied, or lack of complete control and damage caused by drift to other plants or crops. Such risks may occur even though the product is reasonably fit for use as stated herein and even though label directions are followed. Follow directions carefully. Timing, mixture, method of application, weather and other conditions are influencing factors in the use of this product and are beyond the control of the seller. Except to the extent prohibited by applicable law, the exclusive remedy of the user or buyer and the limit of liability of the company or any other seller for any and all losses, personal injuries or damages resulting from the use of this product, shall be the purchase price paid by the user or buyer for the quantity of product involved.
